

Improve visibility and increase agility with automated invoice management

Invoice management has long been a manual, time-consuming effort for many organizations. The paper-based processes involved often reduce the visibility, data accuracy, and efficiency that modern AP teams need to be agile and strategic in a constantly evolving market.

Simplify your invoice management process with Ellucian Invoice. This intuitive solution offers a fully mobile invoice management solution that expedites invoice processing and supplier payments while increasing visibility of spend, enabling AP teams to drive savings. Approvers can approve invoices more quickly, suppliers can get paid more quickly, and all AP team members will benefit from Invoice's ease of use.
