

# A clean, centralized dashboard for your critical campus information

## Why customers love the new Ellucian Experience

Today's students expect personalized experiences, simplified processes, and tailored outreach. Ellucian Experience delivers all that and more. This secure hub for daily information and tasks can be easily customized for your institution—and it's ready for you today.

### The easy-to-use Ellucian Experience dashboard:

- Makes finding information easier
- Reduces your need to visit multiple websites to accomplish daily tasks
- Features a clean, simple, design
- Saves users time with convenient single sign-on

Power meets personalization

“We decided to deploy Ellucian Experience because we wanted to provide a front door to our institution for all of our users. Aggregating things into Ellucian Experience allowed for a significantly more seamless experience for the students.”

#### **JEROME STOCKWELL**

Senior Director of Data Management and Solutions, Life University

“Before we deployed Experience, we had four places that a student had to go to get their information. So we decided to combine everything to make a one-stop-shop. It was beyond what people at the college expected. The entire college is speaking with one voice to the student.”

#### **MIKE LOGAN**

Chief Information Officer, Western Iowa Tech Community College
